Dear Parents and Carers,

Welcome to the second edition of our Family Bulletin for this academic year.

As the term gathers pace, there is already much to celebrate and look forward to. The STEM club is currently on their residential trip in the Netherlands, and over the coming weeks, our students will be taking part in a range of exciting learning opportunities, including activities for Black History Month, while staff continue to support them in achieving their very best both inside and outside the classroom.

This is also a particularly important time for our school community as we prepare to welcome prospective families to our **Open Events**, showcasing the many strengths and opportunities that make La Sainte Union such a special place to learn and grow.

Open Evening is on Tuesday 29th September and Open Mornings are on Tuesday 13th October and Thursday 15th October: [La Sainte Union - Open Events](#). If you know families with children currently in Year 6, I encourage you to share details of these events with them and invite them to come and discover everything our school has to offer.

This edition of the bulletin contains important information, including details about our **Programme of School Clubs**, guidance on registering for **My Child at School**, and an overview of this term's **PSHE curriculum**. I encourage you to take a few moments to read through the bulletin carefully and make note of any key dates or information relevant to your family.

Thank you, as always, for your partnership and support. Together we continue to ensure that La Sainte Union remains a community where young women flourish academically, spiritually and personally, growing into confident individuals ready to shape their future with courage and compassion.

Warm regards

Mrs Fegan

Bright Women with Bold Futures.

Black History Month

HONOURING OUR COMMUNITIES

HONOURING BLACK BRITAIN 2026

Black History Month at LSU provides an important opportunity for our school community to celebrate the achievements, contributions and rich cultural heritage of Black people throughout history and contemporary society. Throughout October, students will explore the stories of influential Black figures from the UK and around the

world, learning about their impact on science, literature, politics, sport and the arts, while reflecting on the importance of equality, inclusion and respect. Pupils will have the opportunity to hear from writer, performer and educator **Keith Jarrett**, as well as engage with interactive content that highlights inspiring role models, including **Kanya King CBE**. We encourage all students to take part in the activities on offer and to use this month as an opportunity to deepen their understanding of Black history, culture and achievement. Please check Teams regularly for updates and resources.
